

2023 Annual Report of the Vice President for Administration (VPA)

Last year we conducted our 1st hybrid Annual Gathering/Business Meeting where we had both in-person delegates and virtual delegates via a special Zoom link. We also had the worship services, Keynote Speaker, and Business Meetings available via FaceBook Live for anyone who wanted to observe the Annual Gathering remotely. We had an awesome Host Committee that worked diligently to extend our Texas hospitality. Despite some last minute COVID illnesses, our team and Annual Gathering participants pitched in to make everything work. I'm grateful for your help and grace to our Host Committee.

This year we look forward to returning to the University of Indianapolis for our Annual Gathering and celebrating the 50th anniversary of hosting weekends in the United States. We will offer FaceBook Live for our morning/afternoon worship services and Business Meetings again due to the high participation of those who can't attend. However, we look forward to higher participation with in-person meetings and learning from each other to grow our Via de Cristo ministry.

You'll hear more about our 2024 Annual Gathering at our Business Meeting on Saturday, July 29th. If you're interested in hosting our 2025 Annual Gathering, please let me know and attend to shadow our current Host Committee!

God loves you and so do I,
Jane Winge
Vice President for Administration
