

2023 Annual Report of the NLS Clergy Support Committee

As a support for the Spiritual Directors for Via de Cristo, I am working with the NLS Spiritual Director to continue with Zoom meetings several times a year to listen and learn how and in what ways we can be helpful.

We continue to talk to current and past Spiritual Directors and clergy for input on why they may or may not be participating in Via de Cristo weekends. We're working on ways or ideas that might encourage more clergy participation.

Other concerns are also teams and pilgrims. Who should be part of a team and how to get more pilgrims to attend.

This is an ongoing process, and we encourage clergy to reach out to us with questions, concerns, or ideas.
