

PALANCA COORDINATOR REPORT

De Colores 4th Day! One of the best gifts we can receive for a weekend are the prayers and blessings from other communities known as Wall Palanca. Best practices for Wall Palanca is to address the letter to the Pilgrims of the Weekend. You can use scripture verses, colorful artwork, words of encouragement, prayers, signatures from your 4th Day Members or any combination of those suggestions. I have been collecting Wall Palanca from many of you this last year. You can also update your Wall Palanca each year and send it to me.

To provide Wall Palanca for others or to receive this file that has been assembled, simply send an email to palanca@viadecristo.org and I will gladly add the letter to the list or send you a link to download all the letters in my file to share with your pilgrims. Each Wall Palanca is labeled so you will know where it came from.

It is the hope of the NLS to have a section on our website available to Communities to deposit (upload) a letter from their movement and also a place to receive (download) the Wall Palanca as you are preparing for your weekend. This will simplify the process to alleviate having to send an email and then receive a link. Please continue to be patient with us as the website portion gets ironed out and continue to use my email to request the Wall Palanca link.

Blessings on your 4th Day!

Kim Brownlow
