

Transportation Letter

Region 3 is happy to welcome you to Texas.

If you are flying, we will meet you and transport you from either the San Antonio airport or the Austin airport. When completing your transportation form, as part of your Annual Gathering registration, make sure we know which airport, as well as the airline, flight number, and arrival time (am or pm).

Our primary point of contact is Marilyn Potter. Her phone number is **469-520-3725**. If Marilyn has not contacted you, please contact her to confirm your travel plans. If anything changes, please also let Marilyn know. Lastly, if your flight is delayed by more than 30 minutes, please let Marilyn know.

Marilyn and her team will have a list with everyone's travel plans. They will also track flight status to the best of their ability.

For San Antonio pick up, the drivers will be waiting in the cell phone lot with their phone waiting for a text that you have your bags and are ready to go. There will also be a table between the two baggage areas where you can let our team know you are ready. Our team will text your driver.

For Austin pick up, you will receive more details about your driver, the vehicle they will be in, and a contact number.

The drivers will try to consolidate passengers as best they can to keep the number of trips back and forth from the airport to a minimum. Therefore, we may ask you to wait for a little while to get passengers lined up together. Please be mindful when you pack that we will be doing this consolidation and try to avoid bringing multiple suitcases.

Please also ensure the transportation team and the registration team know your return flight information. It will be even more challenging getting everyone back to the airport(s) Sunday, because more than likely most everyone will want to leave for the airport around the same time. Please be patient with us. We will do our best to get everyone where they need to be at a decent time.

If you cannot reach Marilyn for any reason, you may also call Jerry Gray at **972-333-5614** or Jane Winge at **972-658-4387**.
